

Stuttering therapist (m/f/d) wanted!

The Kassel Stuttering Therapy specializes in the treatment of stuttering individuals of all age groups. The principles of our work include intensive group therapy, computer-assisted speech training, and structured long-term aftercare. In recent years, innovative therapy developments in the area of online therapy have also become a central topic of our facility. All of our concepts combine speech-technical methods with behavioral therapeutic procedures such as relaxation, self-confidence, and communication training. The successes of our therapy have been comprehensively evaluated and are guideline-compliant (S3 guideline for fluency disorders) for many years.

We are looking for energetic support (m/f/d) **to strengthen our therapy team**, for therapy in all age groups.

We offer the following fields of work

- Intensive courses (6-13 days) as well as 3-day refresher courses
- Therapy offers for age groups 3-6 years, 6-9 years, 9-12 years and/or teenagers from 13 years up to adults
- Various online therapy offers (depending on age group)
- Online therapy in English language
- Comprehensive parental counseling and family seminars
- Initial contact and diagnostic discussions with clients

If one or more of these topics sound good and attractive to you, then maybe you're the right one?!

The following distinguishes you

- Speech and speech therapy vocational training
- Interest, enthusiasm and/or experience in stuttering therapy
- Experience in dealing with and guiding groups
- Enjoyment of working with children
- Particular enjoyment of working in a team
- Technical affinity and interest in dealing with new media and/or the motivation to familiarize oneself with online therapy
- Willingness to work on weekends/holidays and in the evenings
- Flexibility and resilience

We offer

- Working and exchanging ideas in a large, friendly, motivated and experienced team within a successful and dynamic company
- Varied work through different treatment concepts
- Comprehensive and thorough training
- A part-time position (medium-term full-time employment may be possible) on an indefinite employment contract or collaboration on a fee or mini-job basis are also possible with corresponding prior knowledge
